Introduction

Hi I'm . . . . I think it's great that you're doing an interview with us! I'm going to ask you a few questions now. There are no right or wrong answers for these questions. We just want to know your personal opinion. So sometimes I will read you sentences, and you can tell me if you think they are right or not so right. I won't tell anyone what you say.

Int: If the answer format changes, always read out loud! If the questions are long, take the time to ask the child if he/she still has an overview of all the answer categories (especially with the eight-year-olds).
