Variable psrs1

Please look at these five life goals and domains. How important are these to you personally at the moment?

You have 15 importance points to distribute among the five goals and domains. The more important a goal or domain is to you at the moment, the more importance points you should assign to it. If something is absolutely unimportant to you at the moment, don't assign it any points.

As a control, please cross out the points you have already used above. Finally, please check again if you have distributed exactly 15 points!
