Generated Variables

The following table shows a list of all variables, which were generated during the data editing process and which are part of the delivered anchor data. In order to facilitate data analysis and to enhance comparability of results, the pairfam staff produced a number of variables that are of interest to many research projects. Section „Generated variables and scales” of the Data Manual contains a detailed description about the generating procedures.

Thank you very much for participating in our study!
First, I will briefly explain how the interview will be conducted. I will read questions to you referring
to the topics of family, relationships, children, work, and daily life.
Some questions are about your personal opinion on a certain topic. There are no right or wrong answers
to these questions - only your personal assessment is of importance to us.
Your participation is voluntary but nevertheless very important. All information you are providing will
be treated as strictly confidential and in full compliance with all privacy policies.
Do you have any questions? If not, let us begin the interview.

This first section is about general attitudes toward family and family life. To what extent you personally agree with the following statements.

_Int.: Show list 1_

- val1i1: Parents and children should support each other mutually for a lifetime.
- val1i2: You should get married if you permanently live with your partner.
- val1i3: Women should be more concerned about their family than about their career.
- val1i4: Men should participate in housework to the same extent as women.
- val1i5: A child under age 6 will suffer from having a working mother.
- val1i6: Children often suffer because their fathers spend too much time at work.
- val1i7: Marriage is a lifelong union that should not be broken.
- val1i8: Couples should marry at the latest after a child is born.

Cohort 1 (dob≥1990)

Please look at these five life goals and domains. How important are these to you personally at the moment?
You have 15 importance points to distribute among the five goals and domains. The more important a goal or domain is to you at the moment, the more importance points you should assign to it. If something is absolutely unimportant to you at the moment, don't assign it any points.

Int.: Let the respondent look at the screen!
If 0 points are assigned, leave the field EMPTY!

Relationship episodes

INFOBOX

Questions 9 to 13 are about relationship episodes with the current partner. Z stands for the z-th episode of the relationship. Information is gathered for each episode on how the relationship began (sd5ezb), whether it ended in separation (sd6ez), and if it did, when the separation took place (sd5eze). The wording of the question regarding the first episode is different in some aspects from that of the questions regarding subsequent episodes (see questions 9 and 12 and as well as questions 10 and 13).
Question 9
Variable sd5ezb_ für z=1

When did your relationship with [name partner (sd4n)] start? If you have ever been separated from [name partner], please tell me the date that refers to the first time you were together with [name partner].

Int.: If respondent doesn’t provide month and year: "Please try to indicate the date as precisely as possible. If you don’t remember exactly, please try to tell me at least the season and year, or only the year.”
If respondent only remembers seasons, please enter the following codes in the field “Month”:

21 Beginning of the year / winter
24 Spring / Easter
27 Middle of the year / summer
30 Fall
32 End of the year

Comment: If only a month or only a year was provided, the variable with the missing information was coded to “no answer.”

**Cohabitation episodes**

**INFOBOX**
Questions 14 to 19 are about cohabitation episodes of the respondent with their current partner. Z stands for the z-th cohabitation episode, sd7ez indicates whether the respondent lives together with their current partner. In sd8ezb and sd9eze, the beginning and the end of this cohabitation episode are recorded. The wording for the first episode is different from that for subsequent episodes (see questions 14, 16 and 19 as well as questions 15 and 17).

The current cohabitation episode is documented first. If the respondent mentions currently living together with the partner, the starting point but not the ending point of this cohabitation episode is asked for, since it is still ongoing. Consequently, the variables sd8e1e do not exist. If the respondent lived together with their partner in the past but not at present, no first cohabitation period (z=1) exists. Past cohabitation periods are recorded in higher-level cohabitation episodes (z>1).

Past Partnerships

Now I would like to ask you about your partnerships, beginning with the age of 14 [respondents with a partner (sd3=1): with the exception of your current relationship].

With whom did you have a relationship? We are interested in all relationships that were important to you. This means relationships that lasted longer than 6 months, or those in which you lived with your partner, or those that led to the birth of a child, or those that were important to you for other reasons.

Please tell me the name of the [x-th] partner.

Int.: If the same name is mentioned more than once, ask whether it is indeed the same person, or whether it is a different person who happens to have the same name. If it is a different person, indicate it in such a way that all persons can be clearly distinguished from each other and are identifiable. If it is the same person, enter the information only once. Ask and guarantee anonymity!

Comment: Names of partners that have already been mentioned are displayed here. “don’t know” and “no response” can only be entered for name and sex at the same time. This means if you entered “no response” for the name, this also automatically refers to sex.

X stands for the x-th ex-partner, z stands for the z-th cohabitation period. The set of cohabitation history questions is asked separately for all partners with whom the respondent lived together (for each rtr1px=1, see question 31). For all cohabitation episodes with a partner, the beginning (rtr7pxezb_) and end (rtr7pxeze_) are recorded. Information on a possible additional episode is stored in rtr8pxez.

INFOBOX

Questions 51 to 54 are about episodes of living in the same household with a child who currently does not live together with the respondent. Z stands for the z-th period of living together with child x. For each child it is recorded whether there was a z-th episode of living together (rtr16kxez), and for each episode it is recorded when it started (rtr17kxezb_) and ended (rtr17kxeze_). The wording for the first episode is to some extent different from that for subsequent episodes (see questions 51 and 54).

Respondents with a partner (sd3=1)
When you think about your partnership, to what extent do the following statements apply to your situation?

pa18i1 [Name partner (sd4n)] finds it quite all right if I stand up for my own interests in our partnership.

pa18i2 Sometimes I’m afraid that [name partner] would rather spend time with others than with me.

pa18i3 When we have a problem, [name partner] only thinks about his [female partner (sd4g=2): her] own needs.

pa18i4 [Name partner] clings to me so much that I feel like I’m suffocating.

pa18i5 I can put into practice what I want to pursue in my partnership.

pa18i6 I can settle my personal matters by myself without causing conflicts with [name partner].

pa18i7 I have the feeling that I like [name partner] more than he [female partner: she] likes me.

pa18i8 If I address a problem, it just annoys him [female partner (sd4g=2): her] and makes him [female partner: her] angry.

pa18i9 I can meet the needs of my partner very well.

pa18i10 Sometimes I’m not sure if [name partner] enjoys being with me as much as I enjoy being with him [female partner: her].

pa18i11 In our partnership I can usually do what I want.

pa18i12 I’m often afraid [name partner] will think I’m silly or stupid if I make a mistake.

pa18i13 If I wanted to change something in our partnership, I know that [name partner] would not take my concerns seriously.

pa18i14 [Name partner] clings to me so tightly that I can’t do what I want.

pa18i15 When I disappointed or annoyed [name partner], I am afraid that he [female partner: she] won’t like me anymore.

pa18i16 In our partnership I can follow my own interests without [name partner] getting upset.

pa18i17 If I set goals in my partnership I can reach them.

pa18i18 [Name partner] can fulfill my needs very well.

Expectations about life with children

Living with children can have both pleasant and unpleasant aspects. I will now show you a list with some expectations that you may or may not associate with children. Please indicate how strongly you expect or worry the following things will occur as a result of having children.

How strongly do you expect...

Int.: Show list 29  The following five items will be displayed in random order.

bce2i1 ... that with children you will stay young longer?
bce2i2 ... to have an especially close emotional relationship with your children?
bce2i3 ... that your standing in your social network will increase because of your children?
bce2i4 ... that your adult children will be there for you when you are in need?
bce2i5 ... that you will get new ideas from your adult children?

Let’s now talk about the unpleasant aspects. How strongly do you worry...

Int.: Still showing list 29! The following five items will be displayed in random order.

bce2i6 ... that you will be able to afford less with children?
bce2i7 ... that children will put you under nervous strain?
bce2i8 ... that with children you will not accomplish your professional goals?
bce2i9 ... that with children you will stand out in a negative way in public?
bce2i10 ... that children will limit your personal freedom?

You haven’t told me your partner’s full address yet. The ticket that your partner will receive upon returning the completed questionnaire needs to be issued in his/her name. Thus, without the address we would unfortunately not be able to provide the ticket.

In order for your partner to receive the ticket, he/she can enter his/her address on a separate partner address sheet and send it back to us together with the completed questionnaire.

Int.: Hand out partner address sheet.
